

Kids gardening

Healthy & active family fun!

Many of us have favourite childhood memories of time spent gardening with older relatives. Now create your own family memories with this simple project and grow fresh, healthy, chemical-free food!!

Microgreens

Difficulty	Very easy
When to begin	Now – and all year round!
Ready to eat	10-16 days
Costs	£2.80 for approx 2,000 seeds*

Fresh and tasty baby leaves which are ideal for spicing up sandwiches, salads and meals. Grow in bespoke tray or any small container. Sow every 7-10 days throughout the year to ensure a continuous supply.

*Costs based on Gourmet Garnish Mix
